

NEW LIFE

Presbyterian Church

Missions Policy

May 2006

New Life Presbyterian Church (NLPC) in Virginia Beach, VA has established a missions structure which includes the following objectives:

1. Support PCA approved missionaries through prayer, financial, and special needs
2. Develop a heart for reaching unbelievers outside our culture, both in and outside our national borders
3. Provide for sending and supporting households/individuals from NLPC into the cross-cultural mission field

NLPC will achieve these objectives through the following measures:

1. Annually establish/review written Purpose, Objectives, and Goals (POG) and budget for Session approval
2. Corporate prayer for and updates on missionaries under NLPC support
3. Conduct mission conferences at intervals approved by the Session
4. Provide support to cross-cultural missionaries with ratio of domestic to foreign being no more than 25% domestic
5. Provide opportunities and resources for short and long-term missions
6. Establish and maintain written procedures for short-term and long-term missions
7. Accept, for consideration, all missions applications

All plans and strategies already implemented as well as missionaries already supported prior to the date of this policy are "grandfathered."
